

## Joint Graduate Program in Statistics UFSCar/USP

---

The **Joint Graduate Program in Statistics UFSCar/USP** is *opening a call for applications* for a post-doctorate research scholarship in the framework of the “Programa Nacional de Pós-Doutorado PNPd-CAPES”. Applicants should show potential for research and to present a project in the field of Probability and Statistics.

The scholarship consists of a monthly payment of 4,100.00 Brazilian reais per month (tax-free money), and the position is for one year, starting from **October 2017**.

Applicants should belong to one of the following options:

- a) *Brazilian citizens or foreign residents in Brazil who have a temporary visa;*
- b) *foreign residents abroad, without a position;*
- c) *professors or researchers in Brazil with a position at an education and/or research public institution.*

The site of the Graduate Program can be visited at the link:

**<http://www.pipges.ufscar.br>**

To apply, the applicant should send to the email **[pipges@ufscar.br](mailto:pipges@ufscar.br)** until **September 25th, 2017**, the following documents:

1. Curriculum Vitae;
2. Research Proposal;
3. Name of at least one researcher from **PIPGEs UFSCar/USP** that could act as an advisor of the postdoctoral stage.

Applications must be sent with the Subject: “**POSDOC - PNPd - PIPGES**”

Sincerely,

Vera Tomazella and Vicente Garibay Cancho  
Coordinators of PIPGES-UFSCar/USP
