**Education Technology & Computational
Psychometrics Symposium**
The Marriott Hotel and Conference Center
Coralville, IA
October 9-10, 2019

**OCT
9-10
2019**
**CORALVILLE
IOWA**

[ACTNext](#), ACT's Research, Development and Business Innovation Center led by [Alina von Davier](#), is hosting their annual two-day symposium in Coralville, IA.

Learn about recent insights and applications of computational psychometrics, new developments in education technology, and how together they are shaping the future of learning, measurement, and navigation.

Experts will speak on topics ranging from collaborative problem solving, gamification & measurement, process data analytics, EdTech in the classroom, and much more!

Along with presentations from ACTNext scientists, our distinguished speakers include:

Betsy Corcoran – *Co-Founder & CEO, [EdSurge](#)*

John Whitmer – *Senior Director for Data Science and Analytics, [ACT Inc.](#)*

Eric Engelmann – *Executive Director, [New Bohemian Innovation Collaborative](#)*

Irini Moustaki – *Professor, [London School of Economics](#)*

Ashish Rangnekar – *Co-Founder & CEO, [BenchPrep](#)*

Greg Chung – *Associate Director, Technology and Research Innovation, [CRESST – UCLA](#)*

James Sprengelmeyer – *Senior Director of Assessment Strategy, [ACT Inc.](#)*

Dee Kanejiya – *CEO, [Cognii](#)*
